8. Materion y Clerc / Topics from the Clerk

- Accept and adopt the Cemetery Rules/Terms **The recommendation was accepted**
- Septic Tank **No update due to bereavement**
- Cemetery Chapel Update. The 'Cadarn' Company had explained that if we were to install a toilet there, it would be necessary to have an external sewage treatment mechanism and to ensure that the water from it is disposed of outside the Cemetery. The consent of the adjacent farmer would be required and a land drainage test carried out on the land.
The Clerk has visited the landowner
- Caerhun Playing Field **Work completed and invoice received**
- Shelters Have been informed by Gwynedd Council that grant funding from the Welsh Government has been received but that only one shelter will be installed on Penrhos Road this year 23-24 and one next year 24-25. It was inquired which location the Council would wish to have the shelter this year.
It was agreed that the greatest demand was in Bryn Ogwen
- Training Training Scheme This Council's choice was to hold an evening of training for everyone through the medium of Welsh and with a translator on one evening and if appropriate to invite members of neighbouring Councils to attend as well. The Clerk had already contacted Katherine Brown, former clerk to Caernarfon Town Council, to enquire whether she was interested in hosting a Course for us. She confirmed that she was, but would need the permission of One Voice to use their modules. She will get back to us.
In the meantime, any individual who feels they need training is welcome to join and follow One Voice courses online

9. Materion y Cynghorwyr / Councillors Topics

- **Cllr M Baines/A Joyce** Wellbeing Walks Penrhos Road. The plan has been shared but a great deal of questions need to be asked and answered before expressing views in the consultation. The Local Member wishes to arrange a meeting as soon as possible with officers of the Gwynedd Transport Department.

Cyngor Cymuned Pentir

- **Cllr A Joyce** added that there was a real need to look at Ffordd Menai and that it needs to be cleared as soon as possible. The Council has asked many times for this to happen but is still waiting. He went on to state that the report about the improvement plan was extremely dangerous especially considering allowing cyclists to travel up or down such a narrow road with vehicles to be allowed to travel one way only.
- **The Council's Website** It was agreed that the Website needed to be upgraded and that a sub-panel needed to be established to do so.
Cllr A Joyce Cllr M Baines and Cllr C Owen agreed to be on the panel and also to invite Cllr M Lynch to join them and for Cllr L A James who had been mainly responsible for creating our existing website to join them for the first meeting.
- **Cllr L A James** shared information about grants available to community groups through Gwynedd Council Regeneration officers

The meeting concluded at 9.10
